Notes:

- Thank you so much for all the classroom donations! We are all set with supplies and will let you know when we need additional items.
- First grade students bring in their own daily snacks; this prevents any allergy issues.
- Please, please, please send the teacher a note **the day** your child's dismissal plans are different than normal. We do not get the opportunity to read emails during the day, so if dismissal plans change during the day, please call the office. We will be notified.
- The school's lost and found already has many items in it. Please label clothes, jackets, lunch boxes and all items your child brings to school.

Language Arts

We are reviewing letter identification and sounds while practicing the Phonics Sound Train song. Ask your child to sing it for you at home. Students now have their own reading baskets and will be choosing their 'Just Right' books in the near future. At this time, students are learning interactive strategies during 'Read Alouds' to increase their phonemic awareness and comprehension skills.

Math

We have started Unit 1 in the Everyday Math Series. The first parent letter went home this week and explained what skills your child will be learning and practicing in this unit. With the start of each new unit you will receive a similar letter detailing the skills to be taught.

Social Studies

As we begin this new school year, we are teaching students the foundational concepts relating to citizenship.

Have a great weekend,

Connie Clark and Maureen Hillman
